Terms and conditions of participation

General:

You can find descriptions of workshop content, dates, and prices on our website at www.artec.de

Every registered participant in the basic workshop will receive their own MULTIEYE-3 4-channel software (incl. HD module, shell, and player) valued at 740 €. The MULTIEYE-3 software will be used during the course for training purposes.

All participants in the classes must bring with them a notebook computer which meets the following minimum technical requirements:

- ▶ Core2 Quad, 2GB RAM
- ▶ at least 10 GB free storage capacity on the hard-drive
- ▶ OS: Windows XP, 7, or 8

All participants must be in the position to configure their laptop's IP address and to install the MULTIEYE software (exclusively for personal use) on the laptop.

Upon successful registration, you will receive confirmation and an invoice. Participation in the workshop is possible only after full payment in advance. In cases of short-term registration, the invoice can be paid in cash on site.

The fee for participation also includes a set of fully functional MULTIEYE-3 software (basic workshop) or a fully functional version of the VideoCenter III software (advanced workshop) – exclusively for personal use, comprehensive instructional packets, as well as lunch and refreshments during the conference.

Cancellation

You can cancel your participation at no cost up to ten workdays prior to the beginning of the workshop. In cases of cancellation with less than ten workdays prior to the beginning of the workshop, a processing fee of 50% will be retained. In case of non-participation without prior notification, no refunds will be granted. This is also the case when participation does not take place on all scheduled training days. A substitute or replacement of a registered participant is possible.

Cancellation of workshops

Organizational reasons dictate that we retain the right to cancel any workshops. In such cases, we will inform you of alternative dates. All claims of damages are excluded. In cases in which a workshop must be cancelled because of illness on the part of the instructor or circumstances beyond our control (e. g. electrical blackout) no liability is assumed and no later substitution and/or replacement at a later date is guaranteed. In such cases, we assume no liability for travel and lodging expenses or loss of work time.

Copyright protection

All materials used during the workshops are protected by copyright. Reproduction and/or duplication of such materials is not permitted.

I have read and agree to the terms and conditions of participation
